About Our School

Founded in 1990, our school is the third government-aided secondary school sponsored by Sik Sik Yuen. Located in Hung Shui Kiu of the Yuen Long district, the school enjoys excellent transportation links, situated in close proximity to both the Light Rail transit and the Shenzhen Bay Port.

Adhering to Sik Sik Yuen's guiding vision of "to Act Benevolently and to Teach Benevolence" , we place a strong emphasis on moral education, dedicated to helping students develop exemplary character and grow up healthily. Academically, we firmly believe in a "student-centered, tailored-education" philosophy. We focus on cultivating students' bilingual proficiency in Chinese and English, while emphasizing the development of diverse, generic skills to lay a solid foundation for their lifelong learning.
